

Hey good looking!

For all you image conscious cravers of all things beautiful, Phones 4u bring you the ultimate and must have arm candy in the sleek and stylish form of the Samsung G600 Belle.

Whether you're after glossy and refined elegance or a high spec and feature packed slimline slider, this uber-sexy tempter of a mobile offers it all and more.

At only 14mm thick it will fit into the most miniscule of clutch bags, though this is an accessory you're going to want to show off! Beneath its lustrous outer shell a 5-megapixel camera with auto focus and image editing technology mean you'll never miss those photo moments on nights out with the girls. A high quality music player, FM Radio and Bluetooth capabilities complete the package.

The Samsung G600 Belle is available now on a selection of pay monthly deals, and on pay as you go from April at a Phones 4u store near you. It is also available online at www.phones4u.co.uk.

Editor's Notes:

- Phones 4u is an independent mobile retailer selling all networks and handset manufacturers' products.
- It is part of the Staffordshire-based 4u Group, and the Group CEO is Tim Whiting.
- Leading the way in the mobile industry through its excellent customer service, innovative advertising and differentiated in-store experience, Phones 4u has over 440 stores and is still rapidly growing.
- Phones 4u recognises that buying a new phone can be a complex and confusing affair. Phones 4u cuts through this confusion with its unique consumer consultation process, resulting in accurate, impartial advice and a package that is right for each customer.
- As a result it sells more new contracts than anyone else on the High Street.
